Amana Connect — your mosque's prayer times, announcements and events

Amana Connect is a simple, free website for checking your mosque's prayer times, announcements and events online — from your phone, anytime.

1. Finding your mosque's page

Go to amanaconnect.org. If your mosque is listed there, ask the administrator for the exact page address, or search for its name.

2. Prayer times

On your mosque's page, you will find today's times for each prayer (Fajr, Dhuhr, Asr, Maghrib, Isha), with:

- The Adhan time (the call to prayer).
- The Iqama time (the start of the congregational prayer), shown larger.

A countdown shows the time remaining until the next prayer.

On Fridays

The Jumu'ah prayer replaces Dhuhr in the table. The Dhuhr time stays shown discreetly below, for people who cannot come to the mosque that day.

These times are entered directly by your mosque — they reflect what actually happens there, not a generic automatic calculation.

3. Announcements and events

Further down the page, you will find the mosque's latest announcements, as well as upcoming events (lectures, fundraisers, open days...). Some announcements may include an audio message you can listen to directly.

4. Installing the app on your phone

- Android (Chrome): menu (three dots, top right) → “Install app” or “Add to Home screen”.
- iPhone (Safari): share icon (square with an arrow) → “Add to Home Screen”.

Once installed, the latest saved information stays available even without an internet connection. A banner will let you know you are offline, along with the date the available information was last saved.

5. Changing the language

The page is available in French, English and Arabic (with right-to-left display). The language switcher is at the top of the page.
